Economics Vocabulary

WORD MEANINGS

Read the meanings, then try using a new word in a sentence.

Economy
The system through which goods and services are produced, bought and sold.

Supply
The amount of a good or service that sellers are willing and able to offer.

Demand
The amount of a good or service that buyers are willing and able to buy.

Scarcity
The fact that resources are limited compared with people's wants.

Inflation
A general rise in prices over time, reducing what money can buy.

Recession
A period when economic activity declines across much of an economy.

Budget
A plan for how much money you expect to receive and spend.

Revenue
Money a business receives from selling goods or services, before costs.

Profit
The money left when a business subtracts its costs from its revenue.

Interest
The cost of borrowing money, or money earned on some savings.

Tax
Money collected by governments to help pay for public spending.

Currency
The money used in a country or area, such as pounds or euros.

Import
A good or service bought from another country.

Export
A good or service sold to another country.

Investment
Using money or resources with the aim of gaining a future benefit.
