Peoples of the Past

PEOPLES EXPLAINED

Discover where these peoples lived and what they are known for.

Incas
An Andean people who built a large South American empire in the 1400s and 1500s.

Aztecs
A people whose empire centred on present-day Mexico in the 1400s and early 1500s.

Greeks
The people of ancient Greece, known for city-states such as Athens and Sparta.

Vikings
Scandinavian seafarers who traded, settled and raided widely from about AD 800 to 1100.

Saxons
A Germanic people; some settled in Britain from the AD 400s onwards.

Celts
Peoples with related languages and cultures, spread across much of ancient Europe.

Romans
The people of ancient Rome, whose empire spread around the Mediterranean and beyond.

Egyptians
The people of ancient Egypt, whose civilisation grew along the River Nile.

Mayas
Peoples of Mexico and Central America known for cities, writing and calendars.

Persians
A people from present-day Iran who built major empires in the ancient world.

Sumerians
People of southern Mesopotamia who built early cities and developed cuneiform writing.

Assyrians
A people of northern Mesopotamia who built a powerful empire in the ancient world.

Phoenicians
Ancient eastern Mediterranean peoples known for seafaring, trade and an alphabet.

Normans
People from Normandy who conquered England in 1066 under William the Conqueror.

Mongols
A people of central Asia who built a vast empire under Genghis Khan and his successors.
