# Medieval Life

WORD MEANINGS

Read the meanings, then try using a new word in a sentence.

**Feudalism**
A term for medieval arrangements linking landholding with duties and service.

**Serf**
A peasant bound to a lord's estate, with limited freedom to leave.

**Manor**
An estate with a lord's home, farmland and often a village.

**Guild**
An association of craftspeople or merchants that set rules for their trade.

**Apprentice**
A person learning a craft or trade by working with a skilled worker.

**Knight**
A trained warrior, often serving a ruler or lord.

**Squire**
A young attendant who served a knight and could train to become one.

**Heraldry**
The use and study of coats of arms that identify families or organisations.

**Moat**
A ditch around a castle or other fortified place, sometimes filled with water.

**Portcullis**
A heavy gate that could be lowered to close a castle entrance.

**Keep**
A strong tower or main fortified building inside a castle.

**Monastery**
A place where monks live, worship and work together.

**Pilgrim**
A person who travels to a place considered sacred in their religion.

**Tithe**
A contribution traditionally equal to one tenth of produce or income for the Church.

**Charter**
A written document granting rights or recording an agreement.
