Musical Instruments Vocabulary

WORD MEANINGS

Read the meanings, then try using a new word in a sentence.

Oboe
A woodwind instrument played through a small double reed.

Bassoon
A large double-reed woodwind instrument that can play low notes.

Clarinet
A woodwind instrument with a single reed and finger holes or keys.

Flute
A wind instrument that makes sound as air passes across an opening.

Cello
A large string instrument played with a bow while resting on the floor.

Viola
A bowed string instrument larger than a violin, with a lower sound.

Harp
A string instrument with strings of different lengths that are plucked.

Trombone
A brass instrument whose pitch is usually changed with a sliding tube.

Tuba
A large brass instrument that often plays the lowest notes in a band.

Trumpet
A brass instrument with valves, known for its bright, clear sound.

Timpani
Large drums with bowl-shaped bodies that can be tuned to different notes.

Xylophone
An instrument with wooden bars struck with beaters.

Accordion
An instrument that sounds when air is pushed through reeds by bellows.

Sitar
An Indian string instrument with a long neck, played by plucking.

Djembe
A goblet-shaped drum from West Africa, usually played with the hands.
